

QUESTIONS AND ANSWERS

Salt Lake City, May 27.
In next Sunday's issue of The Tribune you will kindly give a synopsis of the "Rockefeller Foundation" and oblige.

Nothing definite can be said about it. A bill was introduced in congress to incorporate the Rockefeller Foundation, and it is now in the hands of the committee. This bill might determine upon the amount of money to be put into it was not stated; and there has been no action on the bill.

Salt Lake City, May 26.
Will you kindly answer in your Sunday's Questions and Answers the age of James J. Corbett when he fought John L. Sullivan and how long he was in the ring before he became champion?

(1) Born September 1, 1866, San Francisco; (2) knocked out John L. Sullivan, twenty-one rounds, September 7, 1892, New Orleans; (3) six years.

Mendon, Utah, May 25.
Please answer in your Question and Answer column in regard to the Canadian law. A says if a man takes a piece of land in Canada and secures it and, after living there a number of years, wishes to sell out, but can sell only the improvements, the government claiming the land. B says you can sell the land the same as in the United States.

A is wrong; the Canadian laws respecting the point are practically the same as those of the United States.

Copperton, Utah, May 24.
I see by The Tribune that you have a question and answer column. My wife and I had an argument in regard to the home waltz. She says it is an insult for a gentleman to ask a married lady to dance the home waltz, and only made his acquaintance that night. What would be the best way to deal with him? He was too familiar on first acquaintance, and tell him his company is no longer desired? I say that if she is on the floor dancing the home waltz and discovers it is the last one, she should go and sit down and tell him he is no gentleman to do such a thing. Do you think his acquaintance is worth keeping, or should he be turned down at once?

MRS. T. J. P.
Getting angry and offering an insult at a social gathering would do no good. The custom of dancing the home waltz with one's wife or partner is not universal. It is not known in many places, so this man may have come from a section where the custom is unknown and had no intention of offering an indignity. Merely explain that the local custom is to always dance the home waltz with the husband or escort, and he will soon fall in with the ways of your social life.

McGill, Nev., May 24.
(1) Was the Maine anchored when it was blown up? (2) If not, why not? (3) Did Spain offer to raise the vessel, and if so, what ground did they refuse on? (4) How long prior to the blowing up of the Maine had there been a United States war vessel in that harbor?

(1) Yes. (2) There was no such offer and refusal. (3) The Maine had been there three weeks; she was blown up February 15, 1898.

Newhouse, Utah, May 24.
Will you please state: (1) Whether a sailor or a soldier, or any one that has served in the United States navy or army, and honorably discharged, is exempt from poll tax or not? (2) How long does one have to be in this country before he has to pay poll tax if coming from California? (3) Is it necessary to receive a notice of thirty days? (4) Is it lawful to deduct it from one's wages before being notified? Hoping you will answer these questions in Sunday's paper, we remain, N. J. M. R.

(1) Not exempt. (2) Immaterial. If you cannot show receipt, you have to pay. (3) Not necessary, but you usually get it. (4) No.
